EXPLANATORY MEMORANDUM

RE: GOVERNMENT OF CANADA - EMPLOYMENT AND PAYROLL STATISTICS

17

7707

1. These statistics are now being published monthly as a "Special Compilation" commencing with April 1952, replacing what was known as "Civil Service Statistics" formerly published annually. While the statistics as published are compiled in the Bureau, data are provided mainly through the offices of the Treasury Board.
2. The statistics relate only to civilian employees, members of the Armed Services being excluded. For departmental services the statistics cover both numbers and earnings of all categories employed, including Deputy Ministers. For boards, commissions and other agencies, members or officers of which serve on a full-time basis and whose salaries are fixed accordingly are included, whereas directors or board members who are paid on a per diem basis, or receive a nominal honorarium for their services, are excluded.
3. A description of the source of data and basis upon which the information is supplied for the purposes of the statistics is contained in the following.

PERMANENT AND TEMPORARY EMPLOYEES
-CLASSIFIED POSITIONS-

4. The Treasury Board now maintains individual position personnel records on an establishment basis for what are called "classified positions" in the various departments and branches of the government, the employees of which come within the general purview of Treasury Board regulation and control. A tabulation from these records, which are on punch cards, provides the count of numbers of employees and their annual rate of salary which is converted to a monthly rate for the purpose of the statistics. The tabulations are run once a month as of the end of the month, allowing seven days after the close of the month to pick up changes in records affecting the previous month's figures. Because of an inevitable time-lag in the routing of position and personnel changes through the normal civil service channels and the posting of these changes on Treasury Board records, it is not always possible to include all of the changes for the previous month and the count of employees for any given month therefore will not necessarily represent exactly the number of staff actually on strength at the end of the month.

Prepared in the Public Finance and Transportation Division

8505-502
23-1-53

5. Also, the earnings figures given for employees in the classified positions, being based on an annual salary rate, will not necessarily equal the actual amounts paid in salaries for any given month as would be the case if actual payroll records were used.

6. However, these factors are not considered to be of such significance as to seriously militate against the usefulness of the statistics.

7. Boards and Commissions, the personnel establishments of which are included in Treasury Board records or classified positions are:

Agricultural Prices Support Board	International Boundry Commission
Air Transport Board	International Joint Commission
Board of Grain Commissioners	National Gallery of Canada
Board of Transport Commissioners	National Council on Physical Fitness
Canadian Government Elevators	Newfoundland Fish Board
Canadian Maritime Commission	Penitentiaries, Office of the Commissioner
Canadian Pension Commission	Soldier Settlement and Veterans' Land Act
Civil Service Commission	Statute Revision Commission
Criminal Code Revision Commission	Tariff Board
Dominion Coal Board	Unemployment Insurance Commission
Fisheries Prices Support Board	War Veterans' Allowance Board
Foreign Insects Control Board	National Capital Planning Committee
Income Tax Appeal Board	

PREVAILING RATES, CASUAL EMPLOYEES
AND SHIP'S CREWS.

8. In the case of these categories of employees, individual personnel records for which are not maintained by Treasury Board, the data are reported to the Board semi-monthly on a special form provided for this purpose. The reports from departments in this respect both for members and earnings, are taken from actual payroll records.

BOARDS AND COMMISSIONS, ETC., REPORTING
MONTHLY TO TREASURY BOARD.

9. A special form of report based on the use of payroll records, is also used by the Board for obtaining the data for those boards and commissions, etc., which function more or less outside the purview of Treasury Board administration, and for which therefore no record of personnel establishments is maintained by the Treasury Board. The agencies supplying employment data in this manner are:

Atomic Energy Control Board	International Pacific Fisheries Commission (Halibut)
Canadian Farm Loan Board	
Canadian Patents and Development	Legislation
Commodity Prices Stabilization Corp.	Senate
Defence Research Board	House of Commons
Fisheries Research Board of Canada	Library of Parliament
Halifax Relief Commission	National Battlefields Commission
International Pacific Salmon Fisheries Commission	National Film Board
	National Research Council

10. In addition, certain special categories of employment are reported in a similar manner by departments, e.g.:

Citizenship and Immigration - Employees of Indian Agencies and Teachers at
Indian Schools

External Affairs - Locally-engaged staffs abroad.

Mines and Technical Surveys - Field Services (Surveys) - (reported semi-annually)

R.C.M.P. - Constables and non members of the Force

Secretary of State - Office of the Custodian

Trade and Commerce - Locally-engaged staffs abroad (reported quarterly by months)

Federal Government Employees of the Eastern Rockies Forest Conservation Board are reported directly to the Bureau of Statistics.

The data thus maintained by or reported to the Treasury Board with respect to all of the foregoing categories of employees is transmitted to the Bureau of Statistics monthly and forms the basis for compilation of the statistics.

GOVERNMENT ENTERPRISES

11. Finally, the statistics for the government enterprises as listed hereunder and for the Federal District Commission are obtained from the Employment Statistics Section of the Bureau:

Atomic Energy of Canada, Ltd.	Crown Assets Disposal Corp.
Bank of Canada	Defence Construction Ltd.
Canadian Arsenals Ltd.	Defence Industries Ltd.
Canadian Broadcasting Corp.	Eldorado Mining and Refining Ltd.
Canadian Commercial Corp.	Export Credits Insurance Corp.
Canadian National Railways	Industrial Development Bank
Canadian National (West Indies) Steamships Ltd.	National Harbours Board
Canadian Overseas Telecommunication Corp.	Northern Transportation Co. (1947) Ltd.
Canadian Wheat Board	Northwest Territories Power Commission
Central Mortgage and Housing Corp.	Polymer Corp. Ltd.
	Trans-Canada Air Lines

COMPARABILITY WITH FORMER "CIVIL SERVICE STATISTICS"

12. The former statistics were intended originally to include only the numbers of "permanent" and "temporary" employees in the general administrative departments and branches of the government or, generally speaking, those coming under the Civil Service Act; it did not include a count of what were described as "non-enumerated" classes (not all departments followed the same definition as to what classes of employees were to be reported as "non-enumerated", with the result that certain casuals or prevailing rates employees were included as temporaries in some instances). Salary and wage figures were, however, given for each of these three categories. Data for agencies outside the general purview of the civil service, such as crown companies or corporations and other more or less independent or autonomous agencies also were not included in the former statistics.

The new series of statistics, however, includes both numbers and relative payroll earnings, not only for the aforementioned categories of permanent and temporary employees, but also for "prevailing rates", "casuals" and "ship's crews", for each of which data are shown separately. In addition, it includes corresponding data for the boards, commissions, crown companies and corporations previously omitted.

For these and other reasons, mainly due to different interpretations of what was included as "non-enumerated" classes, it is not possible to make completely accurate comparisons, especially for branches or services of departments, between the present and former series of statistics. Also, the former series of "Civil Service Statistics" originally was based on the number of employees on strength at the end of the month and the total of salaries or wages paid for that month, the latter taken from payroll records. This system for reporting numbers of employees was, however, neither uniformly nor consistently followed throughout the years by all departments, and in some instances the data for both numbers and earnings were taken from payroll records.

This is a statement compiled to meet a limited demand, and is not included in the Bureau's list of publications

72-504

Price: \$1.00 per year.

FEDERAL GOVERNMENT

EMPLOYMENT AND PAYROLLS

SEPTEMBER, 1953

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum," which is published separately.

Prepared by the Public Finance and Transportation Division

Price: \$1.00 per year.

FEDERAL GOVERNMENT

EMPLOYMENT AND PAYROLLS

OCTOBER, 1953

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum," which is published separately.

Prepared by the Public Finance and Transportation Division

Table 3 (Concluded)

January, 1954

Footnotes:

- * Includes increases granted classified employees.
- (1) Excludes overtime payments of \$ 5,472.
- (2) Excludes overtime payments of \$ 10,161.
- (3) Excludes overtime payments of \$ 73.
- (4) Excludes overtime payments of \$ 5,278.
- (5) Excludes overtime payments of \$ 44.
- (6) Excludes overtime payments of \$ 1,498.
- (7) Excludes overtime payments of \$ 74,213.
- (8) Includes only Post Offices with revenues in excess of \$20,000 per annum, which are staffed with Civil Service personnel. In addition, for Post Offices with revenues of less than \$20,000 per annum, the Post Office Department reported payment of \$4,060,214 from Postal Revenues for the fourth quarter of 1953. Post Office employees, including 1,313 Semi-staff Postmasters who are certified Civil Servants, paid from Postal Revenues during January numbered 11,842 Postmasters, 1,456 Full-time Assistants and 973 Part-time Assistants of Semi-staff Post Offices, Revenue Post Offices and Sub-Post Offices.
- (9) Excludes overtime payments of \$ 156,589.
- (10) Not yet reporting.
- (11) Excludes overtime payments of \$ 44.
- (12) Excludes overtime payments of \$ 389.
- (13) Due to an amendment to the Civil Service Superannuation Act, effective January 1, 1954, all employees contributing to the Superannuation Fund are now shown as permanent.
- (14) See footnotes above qualifying details appearing on previous pages.

Footnotes (11), (12), (13), (14), (15), and (16) see page 7.

Footnotes:

- (1) Excludes overtime payments of \$ 4,885.
- (2) Excludes overtime payments of \$20,416.
- (3) Excludes overtime payments of \$ 7,310.
- (4) Excludes overtime payments of \$ 226.
- (5) Excludes overtime payments of \$ 1,548.
- (6) Due to an amendment to the Civil Service Superannuation Act, effective January 1, 1954, all employees contributing to the Superannuation Fund are now shown as permanent.
- (7) Excludes overtime payments of \$48,839.
- (8) Includes only Post Offices with revenues in excess of \$20,000 per annum, which are staffed with Civil Service personnel. In addition, for Post Offices with revenues of less than \$20,000 per annum, the Post Office Department reported payment of \$4,060,214 from Postal Revenues for the fourth quarter of 1953. Post Office employees, including 1,314 Semi-staff Postmasters who are certified Civil Servants, paid from Postal Revenues during February numbered 11,833 Postmasters, 1,459 Full-time Assistants and 976 Part-time Assistants of Semi-staff Post Offices, Revenue Post Offices and Sub-Post Offices.
- (9) Excludes overtime payments of \$1,276,208 - including Christmas rush employment.
- (10) Excludes overtime payments of \$ 1,296.
- (11) Not yet reporting.
- (12) Excludes overtime payments of \$ 27.
- (13) Excludes overtime payments of \$ 1,875.
- (14) Excludes overtime payments of \$ 24,214.
- (15) Excludes overtime payments of \$ 96.
- (16) See footnotes above qualifying details appearing on previous pages.

FEDERAL GOVERNMENT EMPLOYMENT

APRIL, 1954

Memorandum

Published by Authority of

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

8505-502
21-7-54

Price \$1.00 per year

NOTE:

Attention is directed to changes in form of publication commencing with this issue.

Details of temporary and permanent have been combined in "classified" because of the lessened importance attached to those distinctions.

Numbers of employees have been consolidated in one table so as to more effectively show the distribution of the classes of employees in each service, the total number of employees in each, and concentration of exempt employees in those services where season of the year is one of the chief determinants of the degree of activity.

Earnings of all classes of employees, are consolidated in one table for the same reasons.

Federal Government Employment

April, 1954

Table 1 - Summary of Departmental Branches and Services

	1954		1953

(7) In addition overtime payments of \$420,031.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

April, 1954

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

(Numbers)		
<u>1954</u> <u>March</u>	<u>1954</u> <u>April</u>	<u>1953</u> <u>April</u>
139,473	139,528	145,394
(Earnings - Dollars)		
<u>1954</u> <u>March</u>	<u>1954</u> <u>April</u>	<u>1953</u> <u>April</u>
38,165,250	38,881,847	39,009,033

Note. - The employment reported above is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

July, 1954

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

(Numbers)		
1954	1954	1953
<u>June</u>	<u>July</u>	<u>July</u>
145,434	148,613	155,177
(Earnings - Dollars)		
1954	1954	1953
<u>June</u>	<u>July</u>	<u>July</u>
40,074,807	40,338,784	41,606,734

Note. - The employment reported above is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

September, 1954

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

October, 1954

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

November, 1954

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

- (9) In addition overtime payments of \$485,590

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

December, 1954

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

January, 1955

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

February, 1955

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

These statistics, except for government enterprises and the Federal District Commission, are prepared from information supplied through the offices of the Treasury Board. Data for government enterprises and the Federal District Commission are based on returns made by these agencies to the Employment Statistics Section of the Bureau. For further information relating to these statistics, reference should be made to the "Explanatory Memorandum", which is published separately.

Table 2 - Federal Government Enterprises - Employment

March, 1955

The employment reported below is the total for all of the economic or proprietary undertakings of the Federal Government. Accordingly, this employment should not be construed as being part of the administrative services of government the data for which are presented in the other tables.

Figures are the aggregate of the numbers employed and the salaries and wages paid for the month indicated for the government enterprises as listed below.

FEDERAL GOVERNMENT EMPLOYMENT

APRIL, 1955

Memorandum

Published by Authority of

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

8505-502-45

Price \$1.00 per year

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation, which commences in this issue, is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Table 3 (which contains details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 (and Table 3) totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

- - - - -
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT

April, 1955

Table 1 - Summary of Departmental Branches, Services and Departmental Corporations

	Classified	Prevailing Rate	Ships' Crews	Total	Casual and Others
			(Numbers)		
April, 1955	142,384	24,164	2,141	168,689	12,580
March, 1955	143,150	24,231	1,962	169,343	12,570
April, 1954	138,061	22,390	2,028	162,479	11,512
			(Earnings-Dollars)		
April, 1955	36,743,285 (1)	5,008,061 (2)	502,924 (3)	42,254,270	2,460,683 (4)

FEDERAL GOVERNMENT EMPLOYMENT

MAY, 1955

Memorandum

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS
Public Finance and Transportation Division
Government Employment and Payroll Section

8505-502-55

Price \$1.00 per year

EDMOND CLOUTIER, C.M.G., O.A., D.S.P., Queen's Printer and Controller of Stationery, Ottawa, 1955.

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation, which commences in this issue, is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 (and Table 3) totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

- - - - -
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are foot-noted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

Errata

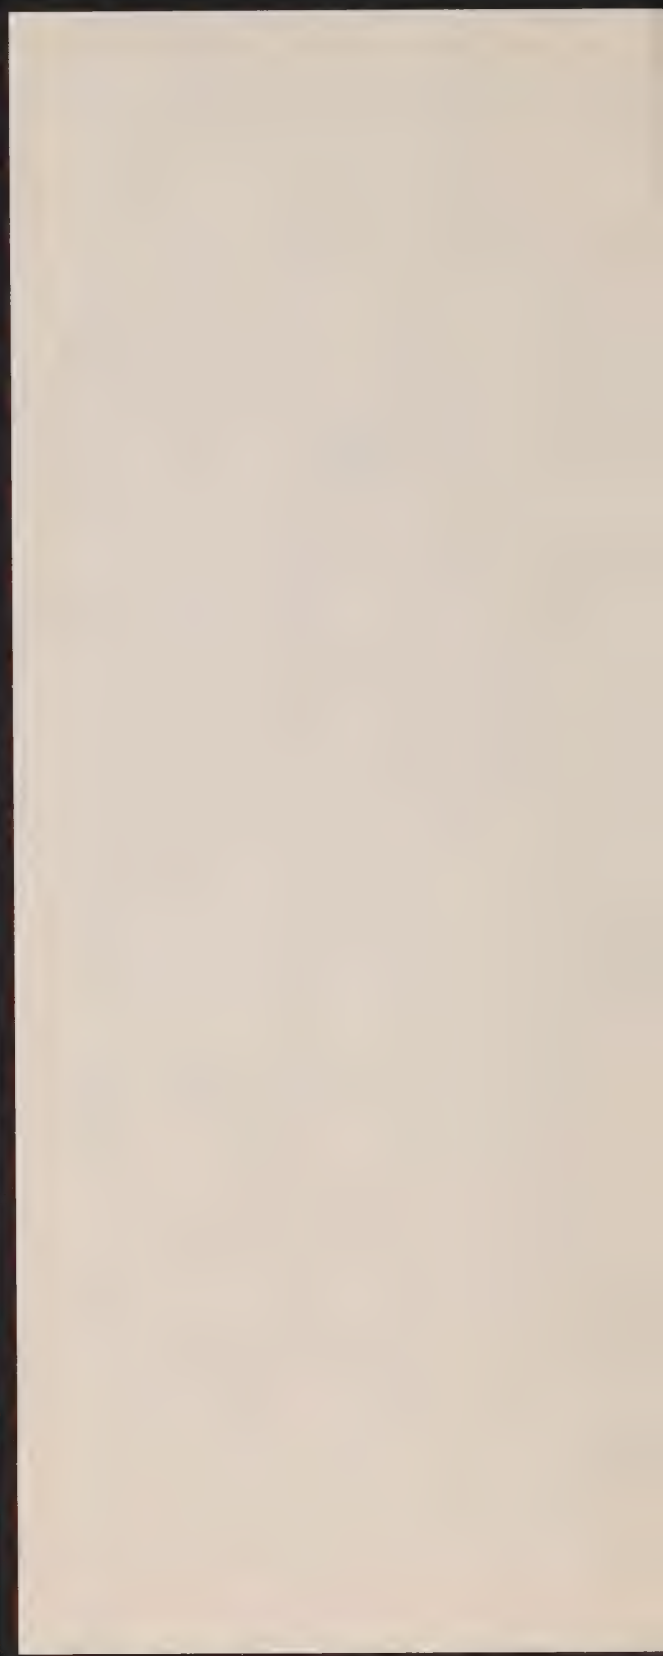

May, 1955

Line 77 - Permanent employees reported as 2,298 for May should be 2,208.

FEDERAL GOVERNMENT EMPLOYMENT

JUNE, 1955

Memorandum

Published by Authority of
The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS
Public Finance and Transportation Division
Government Employment and Payroll Section

8505-502-65

Price \$1.00 per year

EDMOND CLOUTIER, C.M.G., O.A., D.S.P., Queen's Printer and Controller of Stationery, Ottawa, 1955.

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation, which commences in this issue, is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT

JULY, 1955

Memorandum

Published by Authority of

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

8505-502-75

Price \$1.00 per year

EDMOND CLOUTIER, C.M.G., O.A., D.S.P., Queen's Printer and Controller of Stationery, Ottawa, 1955.

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation, is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

-
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT

AUGUST, 1955

Memorandum

Published by Authority of

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

8505-502-85

Price \$1.00 per year

EDMOND CLOUTIER, C.M.G., O.A., D.S.P., Queen's Printer and Controller of Stationery, Ottawa, 1955.

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation, is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

-
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

8505-502-95

Price \$1.00 per year

EDMOND CLOUTIER, C.M.G., O.A., D.S.P., Queen's Printer and Controller of Stationery, Ottawa, 1955.

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

(1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT

September, 1955

Table 1 - Summary of Departmental Branches, Services and Departmental Corporations

FEDERAL GOVERNMENT EMPLOYMENT

OCTOBER, 1955

Memorandum

Published by Authority of
The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS
Public Finance and Transportation Division
Government Employment and Payroll Section

8505-502-105

Price \$1.00 per year

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

(1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

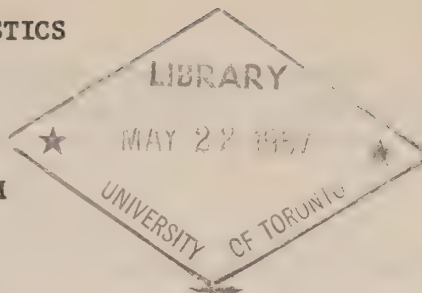

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

DOMINION BUREAU OF STATISTICS

OTTAWA CANADA

EXPLANATORY MEMORANDUM

RE: FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

1. The present statistics are the result of a new survey of Government of Canada employment published each month since April, 1952. They replace statistics formerly known as "Federal Civil Service Employment and Payrolls" published annually.

2. The present survey covers the employment of all the departmental services, Departmental Corporations, Agency and Proprietary Corporations (1) and Other Quasi-Independent Bodies (2). The statistics relate only to civilian employees and members of the Force (R.C.M.P.); members of the Armed Services being excluded. Departmental services the statistics cover both numbers and earnings of all categories employed, including Deputy Ministers. For boards, commissions and other agencies, members or officers of which serve on a full-time basis and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or receive a nominal honorarium for their services, are excluded.

3. A description of the source of data and basis upon which the information is supplied for the purposes of these statistics is contained in the following:

CONTINUING EMPLOYEES - CLASSIFIED POSITIONS -

4. The Treasury Board now maintains individual position personnel records on an establishment basis for what are called "classified positions" in the various departments and branches of the government, the employees of which come within the general purview of Treasury Board regulation and control. A tabulation from these records, which are on punch cards, provides the count of numbers of employees and their annual rate of salary which is converted to a monthly rate for the purpose of the statistics. The tabulations are run once a month as of the end of the month, allowing seven days after the close of the month to pick up changes in records affecting the previous month's figures. Because of an inevitable time-lag in the routing of position and personnel changes through the normal Civil Service channels and the posting of these changes on Treasury Board records, it is not always possible to include all of the changes for the previous month and the count of employees for any given month therefore will not necessarily represent exactly the number of staff actually on strength at the end of the month.

(1) Financial Administration Act (1951) Chapter 116, R.S. 1952.

(2) Includes Halifax Relief Commission, International Fisheries Commissions (Salmon and Halibut) and Office of the Custodian.

Prepared in the Public Finance and Transportation Division.

Revised.
8505-502
2-8-55

5. Also the earnings figures given for employees in the classified positions, being based on an annual salary rate, will not necessarily equal the actual amounts paid in salaries for any given month as would be the case if actual payroll records were used.

6. However, these factors are not considered to be of such significance as to seriously militate against the usefulness of the statistics.

7. In addition to the individual position personnel records maintained for classified positions, position records are also maintained in the offices of Treasury Board for the following boards, commissions and agencies:

Agricultural Prices Support Board	Income Tax Appeal Board
Air Transport Board	International Boundary Commission
Board of Grain Commissioners	International Joint Commission
Board of Transport Commissioners	National Gallery of Canada
Canadian Government Elevators	Newfoundland Fish Board
Canadian Maritime Commission	Penitentiaries, Office of the Commissioner
Canadian Pension Commission	Soldier Settlement and Veterans' Land Act
Civil Service Commission	Statute Revision Commission
Criminal Code Revision Commission	Tariff Board
Dominion Coal Board	Unemployment Insurance Commission
Fisheries Prices Support Board	War Veterans' Allowance Board

8. Individual records are not maintained in the office of the Treasury Board for the following, and statistical data are secured by a special form of report.

Atomic Energy Control Board	International Pacific Salmon Fisheries
Canadian Farm Loan Board	Commission
Canadian Patents and Development	Legislation
Defence Research Board	Senate
Fisheries Research Board of Canada	House of Commons
Halifax Relief Commission	Library of Parliament
International Fisheries Commission	National Battlefields Commission
(North Pacific Halibut Fisheries)	National Film Board
	National Research Council

EXEMPT CLASSES

Prevailing Rate, Ships' Crews and Casuals and Others

9. In the case of these categories of employees, individual personnel records for which are not maintained by Treasury Board, the data are reported to the Board on a basis of pay periods by a special form provided for this purpose. The reports from departments, both for numbers and earnings, are taken from actual payroll records.

10. In addition, certain special categories of employment are reported in a similar manner by departments, as follows:

- Citizenship and Immigration - Teachers at Indian Schools and locally engaged staff abroad.
- External Affairs - Locally-engaged staff abroad.
- Mines and Technical Surveys - Field Services (Surveys) - Reported semi-annually.
- Office of the Custodian - Entire staff.
- Trade and Commerce - Locally-engaged staff abroad (reported quarterly by months).

The data thus maintained by or reported to the Treasury Board with respect to all of the foregoing categories of employees is transmitted to the Bureau of Statistics monthly and forms the basis for compilation of the statistics.

AGENCY AND PROPRIETARY CORPORATIONS

11. Statistics for the following are provided for this survey by the Employment Statistics Section of the Bureau.

Atomic Energy of Canada Ltd.	Defence Construction Ltd.
Bank of Canada	Eldorado Mining and Refining Ltd.
Canadian Arsenals Ltd.	Export Credits Insurance Corp.
Canadian Broadcasting Corp.	Federal District Commission (1)
Canadian Commercial Corp.	Hudson Bay Railway
Canadian National Railways	Industrial Development Bank
Canadian National (West Indies) Steamships Ltd.	National Harbours Board
Canadian Overseas Telecommunication Corp.	Northern Transportation Co. (1947) Ltd.
Canadian Wheat Board	Northwest Territories Power Commission
Central Mortgage and Housing Corp.	Polymer Corporation Ltd.
Crown Assets Disposal	Prince Edward Island Car Ferry
	St. Lawrence Seaway Authority
	Trans-Canada Air Lines

(1) Departmental Corporation.

COMPARABILITY WITH FORMER SURVEY

The old statistical series, 1939 to 1952, for government departments was intended to include only the number of permanent and temporary employees in the general administrative departments (generally speaking, those coming under the Civil Service Act). It did not include a count of what were described as "non-enumerated" classes. Not all departments, however, followed the same definition for "non-enumerated" classes, with the result that some casuals and prevailing rate employees were included as temporaries.

The new series, commencing April, 1952 for government departments, however, includes numbers not only for permanent and temporary employees but also for prevailing rate, casuals and others and ships' officers and crews.

For these and other reasons, mainly due to different interpretations of what was included as "non-enumerated" classes, it is not possible to make completely accurate comparisons, especially for branches or services of departments, between the present and former series of statistics. Also, the former series of "Civil Service Statistics" originally was based on the number of employees on strength at the end of the month and the total of salaries or wages paid for that month, the latter taken from payroll records. This system for reporting numbers of employees was, however, neither uniformly nor consistently followed throughout the years by all departments, and in some instances the data for both numbers and earnings were taken from payroll records.

FEDERAL GOVERNMENT EMPLOYMENT

NOVEMBER, 1955

Memorandum

Published by Authority of
The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS
Public Finance and Transportation Division
Government Employment and Payroll Section

8505-502-115

Price \$1.00 per year

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

-
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.
-

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT

November, 1955

FEDERAL GOVERNMENT EMPLOYMENT

DECEMBER, 1955

Memorandum

Published by Authority of

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

8505-502-125

Price \$1.00 per year

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

-
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.
-

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.
